CME credits for the Falk Symposium 181 have been applied for at the European Union of Medical Specialists (UEMS) – European Board of Gastroenterology (EBG). The number of credits awarded will be printed in the final program.

## Preface

Knowledge in gastroenterology and hepatology is dramatically increasing and at the same time, both disciplines are drifting apart even though many open and arising questions would demand a very close interaction. The innate immune system has gained a lot of attention over the last years as we have learned that it lies at the basis of many diseases, with ever new and important players being identified. Furthermore, the recently begun revelation of the enormously complex microbiome, probably a key driving force of our immune system, has generated even more interest in this field. Therefore, the topic “Innate Immunity in gastrointestinal disorders” is perfectly suitable to bring together gastroenterologists, hepatologists and basic scientists to discuss new developments and to generate new concepts.

Faced with these issues, the Scientific Committee of the Falk symposium No. 181 had the pleasure to recruit an exceptional faculty from all over the world reflecting the very best clinicians and researchers in their respective fields. The main focus of the symposium is to highlight the role of the innate immune system in gut and liver disease. A special emphasis will be based on the importance of the gut microbiota, genes and confounding factors in intestinal inflammation and also in liver diseases. Other topics will concentrate on the role of metabolic inflammation, especially in the context of fatty liver diseases. A clinical update will focus on current and future treatment modalities of inflammatory bowel diseases. One might hope that with a closer interaction between gastroenterologists, hepatologists and basic scientists effective therapies in either discipline might be more easily and rapidly translated into clinical practice in the near future.

We are grateful to Ursula Falk and the Falk Foundation, Freiburg, for their generous support and for the perfect organisation of this exciting meeting.

## 14.00 Presentation of Poster Prizes

H. Tilg,  
Innsbruck

## Session VII Treatment update of IBD

**Chair:** S. Brand, Munich; B. Siegmund, Berlin

### 14.10 5-ASA: Novel aspects of an old drug

A. Dignass,  
Frankfurt

### 14.40 A diminishing role of steroids in IBD?

T. Ochsenkühn,  
Munich

### 15.10 Thiopurines and biologicals: Where do they fit in?

J.-F. Colombel,  
Lille

### 15.40 Malignancy and IBD: A real clinical problem?

S. Danese,  
Rozzano

### 16.10 Coffee break with poster session

## Session VIII The future of IBD: Genetics meets Therapeutics

**Chair:** J.-F. Colombel, Lille; H. Tilg, Innsbruck

### 16.40 New therapies on the horizon

P. Rutgeerts,  
Leuven

### 17.10 How genetic insight will transform clinical medicine

S. Schreiber,  
Kiel

### 17.40 State-of-the-Art Lecture II

Role of IL-1 cytokine family members in human disease

C. A. Dinarello,  
Denver

### 18.10 End of meeting

## Poster Session

Posters will be exhibited on February 8–9, 2012, at the Westin Grand Hotel in Munich. The authors will be in attendance during coffee and lunch breaks on both days.

## Call for posters

Please submit your poster abstract before **October 15, 2011**. Only one-page abstracts not exceeding 250 words, written in English and saved in Microsoft Word format will be accepted.

Abstracts must be submitted via our Internet Abstract Submission System (<http://www.falkfoundation.com/poster>) where further information regarding the submission format and the submission process is available.

The abstracts will be selected by the scientific organizers, preference being given to those thematically related to one of the sessions of the program.

The accepted abstracts will be printed and distributed to the participants of the congress together with the documents of the meeting.

The authors will receive notification about acceptance and further instructions in **October 2011**.

Contact address for further information on the poster session:

Telephone: +49 (0) 761 / 15 14 - 0  
Telefax: +49 (0) 761 / 15 14 - 359  
Web address for submitting poster abstracts:  
<http://www.falkfoundation.com/poster>

For the **first author** of an accepted **poster**, expenses for accommodation (February 7–10, 2012) and fees for the scientific program and evening activities will be covered during the Falk Symposium 181. **Travel expenses are not covered.**

## Poster prizes

Three prizes will be awarded for the best presentations.

Prize winners will be presented with a prize certificate and € 1.500,-, € 1.000,- and € 500,- respectively. Travel expenses will be covered additionally for the first author of prize winning posters.
